## Description

Apoptosis-associated tyrosine kinase may be involved in neuronal differentiation.

## Application Notes

Titration of the AATK antibody may be required due to differences in protocols and secondary/substrate sensitivity.

## Immunogen

This AATK antibody was produced from a rabbit immunized with a KLH conjugated synthetic peptide between 55-90 amino acids from the human AATK.

## Storage

Aliquot the AATK antibody and store frozen at -20oC or colder. Avoid repeated freeze-thaw cycles.
