| Availability       | 1-3 business days                                       |
|--------------------|---|
| Species Reactivity | Human   |
| Format             | Antigen affinity purified                               |
| Clonality          | Polyclonal (rabbit origin)                              |
| Isotype            | Rabbit Ig   |
| Purity             | Antigen affinity  |
| UniProt            | P14635  |
| Localization       | Nuclear, cytoplasmic                                    |
| Applications       | Western Blot : 1:1000                                   |
| Limitations        | This CCNB1 antibody is available for research use only. |

#### **Description**

Cyclin B1 is a regulatory protein involved in mitosis. It complexes with p34(cdc2) to form the maturation-promoting factor (MPF).

## **Application Notes**

The stated application concentrations are suggested starting amounts. Titration of the CCNB1 antibody may be required due to differences in protocols and secondary/substrate sensitivity.

### **Immunogen**

A portion of amino acids 106-133 from the human protein was used as the immunogen for this CCNB1 antibody.

# **Storage**

Aliquot the CCNB1 antibody and store frozen at -20oC or colder. Avoid repeated freeze-thaw cycles.
