|--------------------|---|
| Availability       | 1-3 business days                                       |
| Species Reactivity | Human   |
| Format             | Antigen affinity purified                               |
| Host               | Rabbit  |
| Clonality          | Polyclonal (rabbit origin)                              |
| Isotype            | Rabbit Ig   |
| Purity             | Antigen affinity  |
| UniProt            | P23497  |
| Applications       | Western Blot : 1:1000                                   |
| Limitations        | This SP100 antibody is available for research use only. |

### Description

SP100 may play a role in the control of gene expression.

### Application Notes

Titration of the SP100 antibody may be required due to differences in protocols and secondary/substrate sensitivity.

### Immunogen

A portion of amino acids 199-227 from the human protein was used as the immunogen for this SP100 antibody.

## Storage

Aliquot the SP100 antibody and store frozen at -20oC or colder. Avoid repeated freeze-thaw cycles.
