

Talin 2 Antibody / TLN2 (R32413)

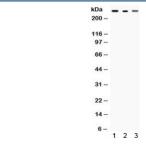

Catalog No.	Formulation	Size
R32413	0.5mg/ml if reconstituted with 0.2ml sterile DI water	100 ug

Citations (1)

Availability	1-3 business days
Species Reactivity	Human, Mouse, Rat
Format	Antigen affinity purified
Clonality	Polyclonal (rabbit origin)
Isotype	Rabbit IgG
Purity	Antigen affinity
Buffer	Lyophilized from 1X PBS with 2.5% BSA and 0.025% sodium azide
UniProt	Q9Y4G6
Localization	Cytoplasmic, membranous
Applications	Western Blot : 0.1-0.5ug/ml

Immunohistochemistry (FFPE): 0.5-1ug/ml

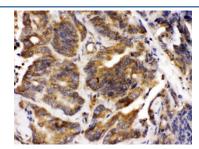

This Talin 2 antibody is available for research use only.

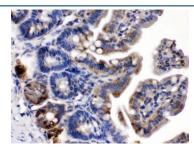

Limitations

Western blot testing of 1) rat brain, 2) mouse heart and 3) human SMMC-7721 lysate with Talin 2 antibody. Expected/observed molecular weight ~271 kDa.

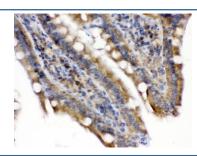

Bulk quote request

IHC testing of FFPE human intestinal cancer tissue with Talin 2 antibody. HIER: Boil the paraffin sections in pH 6, 10mM citrate buffer for 20 minutes and allow to cool prior to testing.

IHC testing of FFPE mouse intestine with Talin 2 antibody. HIER: Boil the paraffin sections in pH 6, 10mM citrate buffer for 20 minutes and allow to cool prior to testing.

IHC testing of FFPE rat intestine with Talin 2 antibody. HIER: Boil the paraffin sections in pH 6, 10mM citrate buffer for 20 minutes and allow to cool prior to testing.

Description

Talin 2 is a protein in humans that is encoded by the TLN2 gene. It belongs to the talin protein family. This gene encodes a protein related to talin 1, a cytoskeletal protein that plays a significant role in the assembly of actin filaments and in spreading and migration of various cell types, including fibroblasts and osteoclasts. Talin-2 is expressed at high levels in cardiac muscle and functions to provide linkages between the extracellular matrix and actin cytoskeleton at costamere structures to transduce force laterally.

Application Notes

Optimal dilution of the Talin 2 antibody should be determined by the researcher.

Immunogen

Amino acids NPKAQHTHDAITEAAQLMKEAVDDIMVTLNEAASEV were used as the immunogen for the Talin 2 antibody.

Storage

After reconstitution, the Talin 2 antibody can be stored for up to one month at 4oC. For long-term, aliquot and store at -20oC. Avoid repeated freezing and thawing.
