|---------------------------|--|
| <b>Availability</b>       | 1-3 business days  |
| <b>Species Reactivity</b> | NA   |
| <b>Format</b>             | Purified   |
| <b>Clonality</b>          | Polyclonal (rabbit origin)                                     |
| <b>Isotype</b>            | Rabbit IgG   |
| <b>Purity</b>             | Purified   |
| <b>Applications</b>       | Western Blot : 1:1000  |
| <b>Limitations</b>        | This anti-His Tag antibody is available for research use only. |

### Description

Epitope tags consisting of short sequences recognized by well-characterized monoclonal antibodies have been widely used in the study of protein expression in various systems. 6xHIS-tagged fusion proteins are easily purified from cell lysates by affinity chromatography using Nickel-Sepharose resin.

### Application Notes

Titration of the anti-His Tag antibody may be required due to differences in protocols and secondary/substrate sensitivity.

### Immunogen

HHHHHH peptide was used as the immunogen for the anti-His Tag antibody.

## Storage

Aliquot the anti-His Tag antibody and store frozen at -20oC or colder. Avoid repeated freeze-thaw cycles.
