Description

Predicted to enable GTPase activator activity. Predicted to be involved in activation of GTPase activity.

Application Notes

Optimal dilution of the ARHGAP45 antibody should be determined by the researcher.

Immunogen

Recombinant human protein (amino acids D111-E349) was used as the immunogen for the ARHGAP45 antibody.

Storage

After reconstitution, the ARHGAP45 antibody can be stored for up to one month at 4oC. For long-term, aliquot and store at -20oC. Avoid repeated freezing and thawing.
