

## DCN Antibody / Decorin [clone MSVA-537R] (V6066)

Catalog No.	Formulation	Size
V6066-100UG	Antibody in 1X PBS with 0.05% BSA, 0.05% sodium azide	100 ug
V6066-20UG	Antibody in 1X PBS with 0.05% BSA, 0.05% sodium azide	20 ug

Recombinant | RABBIT MONOCLONAL

[Bulk quote request](#)

Species Reactivity	Human
Format	Purified
Host	Rabbit
Clonality	Recombinant Rabbit Monoclonal
Isotype	Rabbit IgG, kappa
Clone Name	MSVA-537R
UniProt	P07585
Localization	Extracellular matrix, Extracellular space, Secreted
Applications	Immunohistochemistry (FFPE) : 1-2ug/ml
Limitations	This DCN/Decorin antibody is available for research use only.

Decorin Rabbit Recombinant Monoclonal Antibody (MSVA-537R) tested on many normal and cancer tissues. The immunohistochemistry staining in these tissues aligns with the expression data in Human Protein Atlas.

Manual Protocol: Freshly cut sections should be used (less than 10 days between cutting and staining). Heat-induced antigen retrieval for 5 minutes in an autoclave at 121°C in pH 7.8 Target Retrieval Solution buffer. Apply the antibody at a dilution of 1:150 at 37°C for 60 minutes. Visualization of bound antibody by the EnVision Kit (Dako, Agilent) according to the manufacturer's directions.

### Application Notes

- Optimal dilution of the DCN/Decorin antibody should be determined by the researcher.
- This DCN/Decorin antibody is recombinantly produced by expression in CHO cells.

### Immunogen

Recombinant human Decorin protein fragment (around amino acids 212-336) (exact sequence is proprietary) was used as the immuogen for the DCN/Decorin antibody.

## Storage

DCN/Decorin antibody with sodium azide - store at 2 to 8oC; antibody without sodium azide - store at -20 to -80oC.
