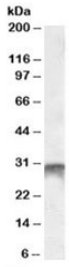
DLX5 Antibody (R33200)

Catalog No.	Formulation	Size
R33200-100UG	0.5 mg/ml in 1X TBS, pH7.3, with 0.5% BSA (US sourced) and 0.02% sodium azide	100 ug

Bulk quote request

Availability	1-3 business days
Species Reactivity	Human
Predicted Reactivity	Mouse, Rat, Cow
Format	Antigen affinity purified
Host	Goat
Clonality	Polyclonal (goat origin)
Isotype	Goat Ig
Purity	Antigen affinity
Gene ID	1749
Applications	Western Blot : 1-3ug/ml ELISA (peptide) LOD : 1:32000
Limitations	This DLX5 antibody is available for research use only.



DLX5 Antibody Human Bone Marrow WB. Western blot analysis of human bone marrow lysate using Distal-Less Homeobox 5 / DLX5 Antibody (1 ug/mL). Proteins were separated by SDS-PAGE, transferred to a membrane, and probed with the primary antibody followed by HRP-based detection. A specific immunoreactive band is detected at approximately 31 kDa, consistent with the predicted molecular weight of DLX5. The clean band with minimal background demonstrates specific detection of endogenous DLX5 in human bone marrow tissue. These results demonstrate that DLX5 Antibody is suitable for Western blot analysis of endogenous Distal-less homeobox 5 protein.

Description

Additional name(s) for this target protein: Distal-less homeobox 5

For additional antibodies targeting the DLX5, visit our DLX5 Antibody / Homeobox Transcription Factor Antibody page to explore complementary products, validation data, and application results.

Application Notes

Optimal dilution of the DLX5 antibody should be determined by the researcher.

Immunogen

Amino acids AYNRVPSATNQPEK were used as the immunogen for this DLX5 antibody.

Storage

Aliquot and store the DLX5 antibody at -20oC.
