

## Endoplasmic reticulum resident protein 29 Antibody / ERP29 (F54790)

Catalog No.	Formulation	Size
F54790-0.4ML	In 1X PBS, pH 7.4, with 0.09% sodium azide	0.4 ml
F54790-0.08ML	In 1X PBS, pH 7.4, with 0.09% sodium azide	0.08 ml

### Bulk quote request

<b>Availability</b>	1-3 business days
<b>Species Reactivity</b>	Human
<b>Format</b>	Purified
<b>Host</b>	Rabbit
<b>Clonality</b>	Polyclonal (rabbit origin)
<b>Isotype</b>	Rabbit Ig
<b>Purity</b>	Purified
<b>UniProt</b>	P30040
<b>Localization</b>	Cytoplasmic
<b>Applications</b>	Flow Cytometry : 1:25 (1x10e6 cells) Immunohistochemistry (FFPE) : 1:25 Western Blot : 1:500-1:1000
<b>Limitations</b>	This Endoplasmic reticulum resident protein 29 antibody is available for research use only.

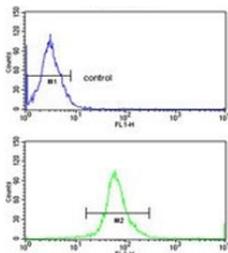

IHC testing of FFPE human hepatocellular carcinoma tissue with Endoplasmic reticulum resident protein 29 antibody. HIER: steam section in pH6 citrate buffer for 20 min and allow to cool prior to staining.

Western blot testing of human 1) A2058, 2) A375, 3) MCF7, 4) NCI-H460 and 5) Y79 cell lysate with Endoplasmic reticulum resident protein 29 antibody. Predicted molecular weight: ~29 kDa.

Flow cytometry testing of human NCI-H292 cells with Endoplasmic reticulum resident protein 29 antibody; Blue=isotype control, Green= Endoplasmic reticulum resident protein 29 antibody.

## Description

ERP29 shows sequence similarity to the protein disulfide isomerase family. However, it lacks the thioredoxin motif characteristic of this family, suggesting that this protein does not function as a disulfide isomerase. The protein dimerizes and is thought to play a role in the processing of secretory proteins within the ER.

## Application Notes

The stated application concentrations are suggested starting points. Titration of the Endoplasmic reticulum resident protein 29 antibody may be required due to differences in protocols and secondary/substrate sensitivity.

## Immunogen

A portion of amino acids 151-179 from the human protein was used as the immunogen for the Endoplasmic reticulum resident protein 29 antibody.

## Storage

Aliquot the Endoplasmic reticulum resident protein 29 antibody and store frozen at -20°C or colder. Avoid repeated freeze-thaw cycles.
