|---------------------------|---|
| Availability | 1-3 business days |
| Species Reactivity | Human |
| Format | Antigen affinity purified |
| Host | Rabbit |
| Clonality | Polyclonal (rabbit origin) |
| Isotype | Rabbit Ig |
| Purity | Antigen affinity |
| UniProt | Q96EY5 |
| Applications | Western Blot : 1:1000-2000 |
| Limitations | This FAM125A antibody is available for research use only. |

Western blot testing of human 1) U-2OS, 2) U-251 MG and 3) A431 cell lysate with FAM125A antibody at 1:2000. Predicted molecular weight: 29 kDa.

Description

Family with sequence similarity 125, member A is a component of the ESCRT-I complex, a regulator of vesicular trafficking process. Required for the sorting of endocytic ubiquitinated cargos into multivesicular bodies. May be involved in the ligand-mediated internalization and down- regulation of EGF receptor.

Application Notes

Titration of the FAM125A antibody may be required due to differences in protocols and secondary/substrate sensitivity.

Immunogen

A portion of amino acids 152-186 from the human protein was used as the immunogen for the FAM125A antibody.

Storage

Aliquot the FAM125A antibody and store frozen at -20oC or colder. Avoid repeated freeze-thaw cycles.
