Description

This antibody reacts to human to Foxp1 / Forkhead box protein P1.

Application Notes

The stated application concentrations are suggested starting points. Titration of the recombinant FOXP1 antibody may be required due to differences in protocols and secondary/substrate sensitivity.

Immunogen

A peptide corresponding to residues near the C-terminus of human Foxp1 was used as the immunogen for the recombinant FOXP1 antibody.

Storage

Store the recombinant FOXP1 antibody at -20oC.
