

## Helicobacter pylori Antibody [clone RM429] (R20444)

| Catalog No.  | Formulation  | Size   |
|--------------|--|--------|
| R20444-0.1ML | Antibody in PBS with 50% glycerol, 1% BSA and 0.09% sodium azide | 100 ul |

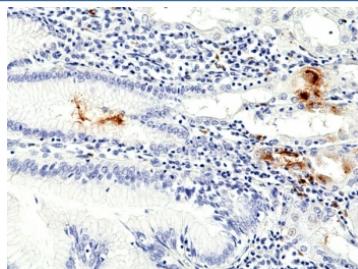

Recombinant **RABBIT MONOCLONAL**

**Bulk quote request**

|                           |   |
|---------------------------|---|
| <b>Availability</b>       | 1-3 business days   |
| <b>Species Reactivity</b> | Helicobacter Pylori   |
| <b>Format</b>             | Purified  |
| <b>Host</b>               | Rabbit  |
| <b>Clonality</b>          | Recombinant Rabbit Monoclonal   |
| <b>Isotype</b>            | Rabbit IgG  |
| <b>Clone Name</b>         | RM429   |
| <b>Purity</b>             | Protein A purified from animal origin-free supernatant                            |
| <b>Applications</b>       | Immunohistochemistry (FFPE) : 1:50-1:100  |
| <b>Limitations</b>        | This recombinant Helicobacter pylori antibody is available for research use only. |

IHC staining of FFPE human stomach tissue with recombinant Helicobacter pylori antibody at 1:100.

IHC staining of FFPE human stomach tissue with recombinant Helicobacter pylori antibody at 1:100.

### Description

This antibody reacts to Helicobacter pylori.

## Application Notes

The stated application concentrations are suggested starting points. Titration of the recombinant Helicobacter pylori antibody may be required due to differences in protocols and secondary/substrate sensitivity.

## Immunogen

Proteins purified from Helicobacter pylori was used as the immunogen for the recombinant Helicobacter pylori antibody.

## Storage

Store the recombinant Helicobacter pylori antibody at -20oC.
