| Availability | 1-3 business days |
|--------------------|---|
| Species Reactivity | Helicobacter pylori |
| Format | Purified |
| Clonality | Recombinant Rabbit Monoclonal |
| Isotype | Rabbit IgG |
| Clone Name | RM410 |
| Purity | Protein A purified from animal origin-free supernatant |
| Applications | ELISA: 0.05ug/ml-0.5ug/ml |
| Limitations | This recombinant Helicobacter pylori OMP antibody is available for research use only. |

An ELISA of Helicobacter Pylori proteins using recombinant Helicobacter pylori OMP antibody. The plate was coated with 1 ug/ml of CagA, OMP, Urease, or HP-NAP of H. Pylori. A serial dilution of the RM410 mAb was used as the primary antibody. An alkaline phosphatase conjugated anti-rabbit IgG was used as the secondary antibody.

Description

This antibody reacts to the outer membrane protein of Helicobacter pylori.

Application Notes

The stated application concentrations are suggested starting points. Titration of the recombinant Helicobacter pylori OMP antibody may be required due to differences in protocols and secondary/substrate sensitivity.

Immunogen

Proteins purified from Helicobacter pylori was used as the immunogen for the recombinant Helicobacter pylori OMP
