

## JUND Antibody (F40151)

| Catalog No.   | Formulation                                | Size    |
|---------------|--------------------------------------------|---------|
| F40151-0.4ML  | In 1X PBS, pH 7.4, with 0.09% sodium azide | 0.4 ml  |
| F40151-0.08ML | In 1X PBS, pH 7.4, with 0.09% sodium azide | 0.08 ml |

Western blot analysis of JUND antibody and Jurkat lysate. Predicted molecular weight: ~39/34kDa (JUND-L/JUND-S).

### Description

JUND is a member of the JUN family, and a functional component of the AP1 transcription factor complex. It has been proposed to protect cells from p53-dependent senescence and apoptosis.

### Application Notes

Titration of the JUND antibody may be required due to differences in protocols and secondary/substrate sensitivity.

## Immunogen

A portion of amino acids 233-262 from the human protein was used as the immunogen for this JUND antibody.

## Storage

Aliquot the JUND antibody and store frozen at -20oC or colder. Avoid repeated freeze-thaw cycles.
