Description

MEKKK3 may play a role in the response to environmental stress. Appears to act upstream of the JUN N-terminal pathway (By similarity).

Application Notes

The stated application concentrations are suggested starting points. Titration of the Mekkk3 antibody may be required due to differences in protocols and secondary/substrate sensitivity.

Immunogen

A portion of amino acids 501-529 from the mouse protein was used as the immunogen for the Mekkk3 antibody.

Storage

Aliquot the Mekkk3 antibody and store frozen at -20oC or colder. Avoid repeated freeze-thaw cycles.
