| Availability         | 1-3 business days                                             |
| Species Reactivity   | Human                                                         |
| Predicted Reactivity | Mouse, Rat                                                    |
| Format               | Antigen affinity purified                                     |
| Host                 | Goat                                                          |
| Clonality            | Polyclonal (goat origin)                                      |
| Isotype              | Goat Ig                                                       |
| Purity               | Antigen affinity                                              |
| Gene ID              | 4837                                                          |
| Applications         | Western Blot : 0.1-0.3ug/ml<br>ELISA (peptide) LOD : 1:128000 |
| Limitations          | This NNMT antibody is available for research use only.        |

Western blot testing of A549 [A] and HeLA [B] lysates with NNMT antibody at 0.1ug/ml.  
Predicted molecular weight: ~29kDa.

## Description

Additional name(s) for this target protein: Nicotinamide N-methyltransferase

## Application Notes

Optimal dilution of the NNMT antibody should be determined by the researcher.

## **Immunogen**

Amino acids TSKDTYLSHFNP were used as the immunogen for this NNMT antibody.

## **Storage**

Aliquot and store the NNMT antibody at -20oC.
