## Description

In addition to its role as a glycolytic enzyme, it seems that PGK-1 acts as a polymerase alpha cofactor protein (primer recognition protein).

## Application Notes

The stated application concentrations are suggested starting points. Titration of the PGK1 antibody may be required due to differences in protocols and secondary/substrate sensitivity.

## Immunogen

Recombinant human protein was used as the immunogen for the PGK1 antibody.

## Storage

Aliquot the PGK1 antibody and store frozen at -20oC or colder. Avoid repeated freeze-thaw cycles.
