## Description

This antibody reacts to human p504s/AMACR/Alpha-methylacyl-CoA racemase.

For additional AMACR and p504S research antibodies validated by protein microarray specificity analysis, western blotting, and immunohistochemistry, explore the broader [AMACR Antibody page](#) featuring clone AMACR/1864.

## Application Notes

The stated application concentrations are suggested starting points. Titration of the AMACR antibody may be required due to differences in protocols and secondary/substrate sensitivity.

## Immunogen

A peptide corresponding to residues in human p504s/AMACR was used as the immunogen for the AMACR antibody.

## Storage

Store the AMACR antibody at -20°C.
