| Availability | 1-3 business days |
| Species Reactivity | Human |
| Predicted Reactivity | Mouse, Rat |
| Format | Antigen affinity purified |
| Clonality | Polyclonal (rabbit origin) |
| Isotype | Rabbit Ig |
| Purity | Antigen affinity |
| UniProt | P26651 |
| Applications | Western Blot : 1:1000 |
| Limitations | This TTP antibody is available for research use only. |

Description

Tristetraprolin (TTP), or ZFP36, is a probable regulatory protein with a novel zinc finger structure involved in regulating the response to growth factors. It has been experimentally shown to be able to bind zinc.

Application Notes

Titration of the TTP antibody may be required due to differences in protocols and secondary/substrate sensitivity.

Immunogen

A portion of amino acids 116-142 from the human protein was used as the immunogen for this Tristetraprolin / TTP antibody.

Storage

Aliquot the TTP antibody and store frozen at -20oC or colder. Avoid repeated freeze-thaw cycles.
