

# Vegfc Antibody / Vascular endothelial growth factor C (RQ8263)

Catalog No.	Formulation	Size
RQ8263	0.5mg/ml if reconstituted with 0.2ml sterile DI water	100 ug

### **Bulk quote request**

Availability	1-3 business days
Species Reactivity	Mouse, Rat
Format	Antigen affinity purified
Clonality	Polyclonal
Isotype	Rabbit IgG
Purity	Antigen affinity purified
Buffer	Lyophilized from 1X PBS with 2% Trehalose
UniProt	P97953
Applications	Western Blot : 0.5-1ug/ml ELISA : 0.1-0.5ug/ml
Limitations	This Vegfc antibody is available for research use only.

Western blot testing of 1) rat liver and 2) mouse liver tissue lysate with Vegfc antibody. Predicted molecular weight ~46 kDa.

## Description

Vascular endothelial growth factor C (VEGF-C) is a protein that is a member of the platelet-derived growth factor / vascular endothelial growth factor (PDGF/VEGF) family. It is encoded in humans by the VEGFC gene, which is located on chromosome 4q34. Enables vascular endothelial growth factor receptor 3 binding activity. Involved in several processes, including negative regulation of osteoblast differentiation; positive regulation of angiogenesis; and positive regulation of mesenchymal stem cell proliferation. Acts upstream of or within several processes, including cellular response to leukemia inhibitory factor; positive regulation of lymphangiogenesis; and positive regulation of peptidyl-tyrosine phosphorylation. Located in extracellular space. Is expressed in several structures, including alimentary system

mesentery; brain; cardiovascular system; embryo mesenchyme; and genitourinary system. Used to study hereditary lymphedema. Human ortholog(s) of this gene implicated in breast carcinoma and hereditary lymphedema ID. Orthologous to human VEGFC (vascular endothelial growth factor C).

#### **Application Notes**

Optimal dilution of the Vegfc antibody should be determined by the researcher.

#### **Immunogen**

An E.coli-derived mouse recombinant protein (A108-R223) was used as the immunogen for the Vegfc antibody.

#### **Storage**

After reconstitution, the Vegfc antibody can be stored for up to one month at 4oC. For long-term, aliquot and store at -20oC. Avoid repeated freezing and thawing.
